ABOUT MARIKA RESORT

Nestled among the palm trees and crystal clear waters, Marika Resort offers a variety of comfortable and spacious accommodations, including beachfront rooms – [the perfect home away from home experience](#), where you can relax and unwind in the natural beauty of Lambug Beach in Badian, Cebu.

Marika Resort was founded by a family of experienced hoteliers who, after years of running a successful hotel in the city, decided to embark on a new adventure. They longed to create a place where guests could escape the hustle and bustle of everyday life and immerse themselves in the natural beauty of Cebu Island.

WHAT'S THE STORY BEHIND THE NAME - MARIKA?

The name **Marika** pays homage to the local culture of Cebu. It is derived from the Cebuano phrase/slang that means "**Come here.**" By embracing the local language, we hope to create a deeper connection between our guests and the surrounding community by inviting them to "**come**" to a slice of paradise.

The resort also wants to embrace and take pride in honoring the Filipino culture, which is deeply rooted in its identity. Thus, including the *Baybayin script*, an ancient writing system used by ancestors, represented in the bottom of Marika's logo, which could also be seen as waves in another perspective. To embody this, Marika Resort provides an immersive Cebuano experience in which guests can indulge in traditional Filipino cuisine, immerse themselves in local arts and crafts, and even learn about the history of the area through guided tours.

The founders realized that they wanted to create more than just a resort. They wanted to build a community. A place where guests and staff alike could come together, share their experiences, and create lasting memories.

Today, Marika Resort stands as a testament to the founders' vision and dedication. It is a place of warmth, hospitality, and community – their second home. And it is a place that will stay in your heart long after you leave.
